

QuiKer is a virtual gateway to AMS360 that streamlines and expedites the management of daily client communications, email documentation, calendaring & so much more.

QuiKer's features are designed by User feedback, with the goal of continuously optimizing Agency performance & workflows. Agencies that use QuiKer report as much as a **20% improvement in their bottom lines** generated by increased productivity and risk reduction.

This is the most AMAZING software we have ever incorporated in our agency.

Everyone in the office loves QuiKer. I can honestly say QuiKer will protect us from an E&O claim one day.

If you have Outlook & use AMS360 this product is a MUST. It is so seamless and efficient.

QUIKER USER REVIEWS

QUIKER GATEWAY | VERTAFORE PLUGIN COMPARISON

QuiKer is so much more than an Outlook plugin. QuiKer's Development Team and Testing Agencies continually create, test, and implement features that support a majority of Users' daily transactional work.
